

Product Description

Vibra-Tite Excel 625 Polyolefin Primer is an ozone friendly primer used to prepare polyolefin surfaces for bonding with Vibra-Tite cyanoacrylate adhesives.

Typical Applications

Vibra-Tite Excel 625 primer improves adhesion to low energy surfaces when bonding with cyanoacrylate adhesives.

Procedure for Application

Product is normally hand applied from the bottle by brushing, wiping or spraying onto parts.

Properties

Vibra-Tite Excel 625 primer is supplied in an ozone friendly blend of flammable solvents. Care must be taken to avoid flames.

Technical Features

Chemical Base Heptane
Color: Clear/Amber
Viscosity <1cps
Shelf Life 12 months @ 68°F unopened
Flammability Yes, high

Performance Attributes

Dry Time 30 seconds
On-Part Life 1 minute

Presentation

Bottles...2 oz, 4oz, 8 oz (with pump sprayer)
Cans Gallon

General Information

Storage

Store in cool area out of direct sunlight

Note

Vibra-Tite Excel 625 Polyolefin Primer is used to improve adhesion to polyolefin and other low energy surfaces and is applied prior to the application of the SuperGlue.

Health & Safety in use

Use in well ventilated area and read MSDS.
