

Product Description

Vibra-TITE 807 is a high green strength hot melt polyurethane adhesive designed for panel manufacturing and the production of composite RV sidewalls.

Vibra-TITE 807 exhibits excellent temperature, moisture and aging resistance, with a low melt point, strong initial tack and high green strength for immediate handling. It works exceptionally well with roll-coaters and its high performance grade will improve efficiency by allowing line routing of parts.

Physical Properties

Adhesive Type	Polyurethane
Typical Viscosity	12000 cps ± 1500 cps
Specific Weight	9.3 lbs/gallon
Open Time	6 – 8 minutes
Cure Time	8 hours
Application Temp	235°F – 275°F
Color:	Room Temp: White Solid @250°F Clear Liquid
VOC Content	0
Shelf Life	1 year

Storage

Product should be stored in a cool and dry location at temperatures below 40°C. Optimal storage is 22±4°C. Shelf life is 12 months from date of manufacture when stored at 22±4°C
